

Name: _____

Information Systems Specialist (GIS)
Job Specific Details

The City of Brentwood is currently seeking candidates for a Geographical Information Systems (GIS) position assigned to the City's Information Services Division. This position will assist with the opening of a new Police Dispatch center by implementing the GIS portion of the Computer Aided Dispatch (CAD) software. Once the Dispatch center is fully operational, this position will transition into split duties, 50% GIS and 50% Information Systems.

Successful candidates will have strong GIS skills and a desire to learn Information Systems technologies. The City is willing to provide Information Systems training to the successful candidate in order to augment or enhance their aptitude in this area.

Any combination of education and experience that would likely provide the required knowledge and abilities is qualifying.

A typical way to obtain the knowledge and abilities would be:

- Education/Training AA/AS degree in information technology, computer science, or related field. BA/BS is desirable.

AND

- Three years of responsible technical information systems experience comparable to an Information Systems Technician with the City of Brentwood.
